## ARTISTS BIO

### Sharon Lenihan Vintage Jazz vocalist

Sharon Lenihan is a Welsh-born singer who has had a diverse and exciting journey in the world of music and performance. After spending seventeen years in Australia, she now calls London home. A graduate of the London College of Contemporary Music with a Bachelor's degree in Music and Performance, Sharon has performed at renowned venues such as Crazy Coqs, The Pheasantry, Toulouse Lautrec Jazz Club, and Pizza Express Jazz Club in Soho.

With her Marilyn Monroe-meets-Betty Boop onstage persona, a wardrobe full of wiggle dresses, and a knowing wink, Sharon channels a vintage aesthetic that evokes the charm of the '40s and '50s. Her sumptuous vocals and engaging style create performances that feel both timeless and captivating, drawing audiences into the golden era of jazz.

### Paul Burch Band Leader - Saxophone & Clarinet

Founder of The Denmark Street, Paul Burch has put together a big band that creates the same kind of energy, excitement and style of the greatest big bands of the past.

Drawing on his extensive experience, he assembled an elite lineup of top British jazz musicians, current and ex military performers, and West End veterans to create a world-class ensemble.

Paul studied under jazz legends Don Rendell and Paul Harvey before earning multiple diplomas from the London College of Music. He began as a music educator before joining the regimental band of Her Majesty's Coldstream Guards, where he toured internationally and performed at Windsor Castle and Buckingham Palace. After leaving the Household Division, he played on luxury cruise liners such as the Carnival Legend, Valor, and Miracle while continuing to teach.

With a career spanning prestigious venues and global performances, Paul Burch upholds tradition to deliver unforgettable big-band experiences."

*“In my opinion they are one of the best big bands in the UK and perform regularly on the London circuit and hold many residencies at live music venues.*

*They have provided musical quality and entertainment and that is why every time they perform at our venue, they are continuously bringing back a regular crowd and guests.*

*They have proved to be a great success and have inspired younger people to return to the venue whom have never heard of a big band before. I have heard many great comments from guests saying .. how they re-created and evoked memories from the past. It reminded me of.....!! When are the Orchestra back at the venue is also another popular statement. “*

**Bob McKie, Director, The Piano Group.**

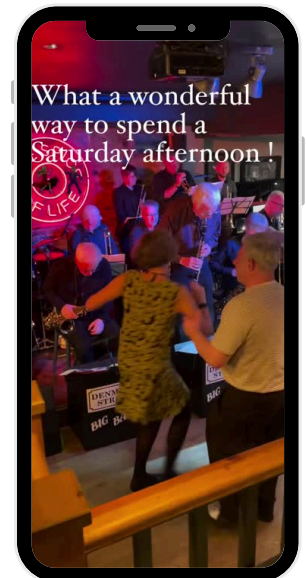

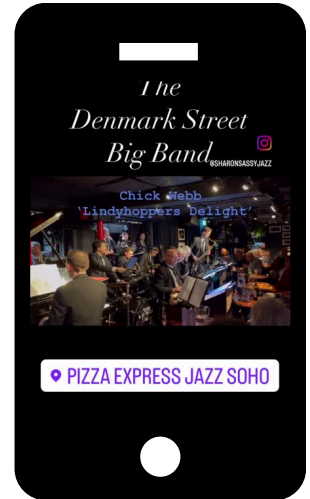

*“Paul and the band are regularly on stage in all our London clubs, and we nearly always sell out each gig. I think that’s because they have built up a loyal following that loves to hear full seventeen piece band live. The band is top notch!”*
